

# FRESNELS LED

## PRODUCT DESCRIPTION

### FRESNEL LED 150W RGBW MODEL 53-25

- Developed lighting fixture for theatre, small studio, and display lighting applications for offering thousand of selectable colors. Allows designers to create a lot of different stages and atmosphere. The Fresnel Led produces an adjustable beam of light 15-54°, with a soft edge to provide even illumination. Bringing important advantages as less power consumption, no dimmer circuits, no cost of lamps replacements, and no cost for replacing filter colors. Delivers the performance of a 650w Fresnel halogen fixture.
